

## ***NEW LEON 5000 Dozer Blade for John Deere 9RT***

Yorkton, SK – Feb. 16, 2022 – LEON MFG. COMPANY INC. proudly offers a LEON M5000 ‘Quick On–Quick Off’ Dozer Blade Series to fit John Deere tractors, designed to fit the latest suspended front axle track models. The John Deere **9470RT**, **9520RT** and **9570RT** models can all benefit from the installation of a new LEON Dozer. LEON’S proven mounting system and performance features continue to set the standard in the industry. Complete LEON Model 5000 Dozer Blade packages feature:

- LEON ‘High Lift’ 45”++ height capability
- LEON ‘Quick On – Quick Off’ push assembly allows operator to mount and dismount in minutes
- Powerful 27 degree left and right hydraulic angle, positioned to avoid contact with working terrain
- Ripple formed blades for clean roll off & roll break to make pushing dirt, snow, and silage easier
- High tractor underframe clearance to guarantee good maneuverability when working in soft and rough terrain
- 10 degree ‘Hydraulic Vertical Tilt’ available for full six-way hydraulic control
- Chromium carbide skid shoes available
- Replaceable heat-treated cutting edges
- Standard crossover hydraulic cushion valve
- Mounting Kit complete with all required instructions for tractor safe mounting
- Full tractor service accessibility
- Blade widths ranging from 12’ to 20’ with side extensions available
- 12’ to 20’ grated and solid top extensions also available (total LEON blade height converts to 65” high)
- Comprehensive warranty coverage

**LEON offers over a thousand mounting brackets to fit new and used 2WD, FWA, 4WD, and track drive tractors.**
